

## ERC Starting Grant 2027

### Part B2<sup>1</sup>

**(not evaluated in Step 1)**

1 **Part II of the Scientific Proposal (max. 7 pages, references do not count towards the page limits).**

2 Text highlighted in grey should be deleted. See the official manual [1] for more information.

3 Part II of the Scientific Proposal should be a detailed explanation of the project implementation, including research  
4 methodology, work plan, risk assessment, and mitigating measures and any further necessary background not  
5 included in Part I. While applicants are free to provide an explanation for the resources and the budget in this  
6 section, a detailed and exhaustive budget breakdown, justifying the resources requested, must be provided in the  
7 online submission form in the section specifically dedicated to Resources and Time Commitment.

8 **Please respect the following formatting constraints: Times New Roman, Arial or similar, at least font size**  
9 **11, margins (2.0 cm side and 1.5 cm top and bottom), single line spacing.**

10 **Do NOT split Part II from the references and/or the appendix (Funding ID) and do NOT upload them as**  
11 **separate documents.**

12 **The Resources section and the detailed budget table are part of the online submission form (Part A,**  
13 **Budget) which will be extracted and provided to the peer reviewers. Therefore, do not include and repeat**  
14 **the description of resources or budget table here (Part B2).**

---

<sup>1</sup>Instructions for completing Part B2 can be found in the "Information for Applicants to the Starting and Consolidator Grant 2027 Calls".

21

22

23

Appendix: All current grants and on-going / submitted grant applications of the PI  
(Funding ID)

23

Mandatory information (does not count towards page limits)

24

Current research grants (Please indicate “No funding” when applicable):

25

| Project title | Funding source | Amount (Euros) | Period | Role of the PI | Relation to current ERC proposal <sup>2</sup> |
|---------------|----------------|----------------|--------|----------------|-----------------------------------------------|
|               |                |                |        |                |                                               |
|               |                |                |        |                |                                               |
|               |                |                |        |                |                                               |

26

On-going / submitted grant applications (Please indicate “None” when applicable):

27

| Project title | Funding source | Amount (Euros) | Period | Role of the PI | Relation to current ERC proposal <sup>2</sup> |
|---------------|----------------|----------------|--------|----------------|-----------------------------------------------|
|               |                |                |        |                |                                               |
|               |                |                |        |                |                                               |
|               |                |                |        |                |                                               |

<sup>1</sup>Describe clearly any scientific overlap between your ERC application and the current research grant or on-going grant application.
